I . Introducing PNU

1. Pusan National University(PNU) - A Comprehensive National University

Pusan National University(PNU) is a comprehensive national university founded in May 1946 as Korea's first national university, established under the motto "Truth, Liberty, and Devotion." The university operates a multi-campus system consisting of four campuses: Jangjeon and Ami in Busan, Yangsan and Miryang. Through continued growth and innovation, PNU's developed into a leading research institution, recognized both nationally and internationally for its academic excellence, advanced research infrastructure.

As of 2025, PNU's graduated more than 270,000 students. Currently, approximately 26,000 students are enrolled, supported by about 2,000 faculty members and 500 staff. The university offers more than 115 majors across 15 colleges, one general graduate school, and four professional graduate schools: Dentistry, International Studies, Korean Medicine, and Law. In addition, PNU operates eight special graduate schools specializing in Business Administration, Economics and International Trade, Education, Industry, Environment, Public Administration, Technology Entrepreneurship, and Finance. The university is also home to around 90 affiliated research institutes engaged in cutting-edge research across diverse academic fields.

PNU boasts a vibrant international community, with approximately 1,900 international students currently enrolled. This includes about 640 undergraduate students, 650 graduate students pursuing master's and doctoral degrees, 280 exchange and visiting students, and 300 Korean language trainees. PNU's established academic exchange agreements with more than 715 universities and research institutions across 64 countries. Notable partner institutions include the University of Oxford; the Fraunhofer Institute for Manufacturing Technology and Advanced Materials; the University of California, Berkeley; the University of Tokyo, and Peking University and Tsinghua University. Through these global partnerships, PNU actively engages in faculty and researcher exchanges, student mobility programs, short-term dispatch initiatives, joint research, and the sharing of academic resources.

These ongoing collaborations continue to strengthen PNU's global network and expand academic exchange on a global scale.

X. Life in Korea

1. Introducing Korea

South Korea, officially the Republic of Korea, is a democratic nation located in the southern half of the Korean Peninsula in East Asia. There is China to the west, and Japan to the east across the Korea Strait. The capital city of South Korea is Seoul. After years of devastation since the Korean war, South Korea has managed to transform itself to a developed country through the development of the 'Miracle of Han River', ranking tenth in the world in terms of GDP in gross domestic product in 2021. In addition, South Korea is currently a member of the Organization for Economic Cooperation and Development(OECD) and the Development Assistance Committee. South Korea has a total land area of 100,432km² and a population of about 51,609,000 people(As of 2026).

2. Introduction to Busan

1) Location

Busan is located in the southeastern tip of the Korean Peninsula and has boasted itself as South Korea's second-most populous city. The city is situated within South Gyeongsang Province and faces the Korea Strait to the south. It borders the cities of Ulsan and Yangsan to the north and Gimhae to the west. Foreign cities with similar latitude to Busan include Tokyo in Japan, Zhengzhou in China, and Oklahoma City in the United States, while longitude includes Verkhoyansk in Siberia, Nagasaki in Japan, and Darwin in Australia.

2) History

Busan began as Korea's first international port in 1876, and it continued to develop rapidly, and port facilities such as docks and ports began to be built with the opening of the Gyeongbu Line connecting Seoul and Busan in 1905. With the relocation of the Gyeongnam Provincial Government to Busan in 1925, it grew into a city where the provincial government was located, and during the Korean War in 1950, it served as a temporary capital. In 1963, Busan became a directly-governed city, leading the economic development of Korea up through the 1970's. The city was elevated to Busan Metropolitan City in 1995 along with the expansion of the municipal area. It is Korea's No. 1 port city and an international cultural tourism city where various events and festivals such as the Busan International Film Festival, the Busan Biennale, and the Busan Fireworks Festival are held.

3) Facts

- Total Land Area: 771.31km²(0.8% of national territory)
- Administrative District: 15 districts, 1 county
- Population: About 3,240,000(As of December 2025)

4) Climate

Busan is located in the southeastern tip of the Korean Peninsula on the east side of the Eurasian continent, where East Asian period winds are frequent, hence Busan boasts a temperate climate with four distinct seasons. The average annual temperature is 15°C and the average annual precipitation is 1,176mm, and the wind is relatively stronger than other regions.

5) Life Support Center(Korea Foundation)

In order to aid on the establishment of a stable life for foreigners living in Busan, various foreign support organizations are in operation.
